Do you have any Gluten Friendly options?

Our fries are not coated and all the topping and Aioli's are gluten friendly. The French Macarons are also gluten friendly. These items are not certified GF as they are still made in a kitchen that bakes with Gluten.

How big is “Stella” the Food Truck?

Stella has had a few too many desserts herself! She is a tad large and will need a parking area of at least 30 feet long and 9 feet wide. Stella also weighs in at 11,000 pounds so the placement must be able to hold her hefty weight. Stella is large Grumman step van which measures 22-24ft and 9ft wide. She is stunning with a vintage bakery feel that will add a beautiful centre piece at your event.

Do you need hook ups or run off a generator?

Stella is a self-contained unit. We run off an inverted generator so much quieter than a regular one. The generator is placed behind the truck and is unseen from the front.

What permits and insurance do I need?

The event must be held on private property. The permit or permission must be obtained by the client for Stella to be on site. Queen Bees will not be held responsible for any public parking violations. Queen Bees has \$3,000,000 in general liability. Please contact us if additional insurance is needed.
